CONGRATULATIONS ON YOUR NEW DUTZO PC!

Thank you for choosing DUTZO for your brand-new computer. We hope this guide will help you set up your new computer and get off to a swift start – enjoy!

1 UNPACKING AND INSPECTING YOUR PC

IS EVERYTHING AS IT SHOULD BE?

Before you open the box containing your computer, it is a good idea to check that the package is intact. Your DUTZO computer is packed in two layers of cardboard to ensure a safe delivery. If there is visible damage to the box, save the packaging and examine the PC thoroughly.

In case of damage to your PC or accessories, please contact the Proshop Customer Support Team immediately.

ACCESSORIES

Your DUTZO computer includes a power cable and a user manual for the various components of your PC. Furthermore, the box may include extra screws and a mousepad.

2 CONNECTING YOUR PC

Before you start connecting your DUTZO machine, it is important that you remove any inside packaging material.

CONNECTING THE POWER

In the box you will find a power cable. Connect the cable to the power supply, which is most often found on the back of the PC at the bottom.

Once the cable is plugged in, make sure the on/off button is flipped towards the “I” symbol.

CONNECTING YOUR DISPLAY

When you connect your display to your computer, it is important that you choose the correct port.

Most DUTZO PCs have two display port-options:

- One in the dedicated graphics card (GPU)
- One in the processor (CPU).

If your computer has a dedicated graphics card installed, connect your display directly to the graphics card for the best experience.

CHOOSING THE RIGHT USB PORT

Most motherboards have USB 2.0 as well as USB 3.2 Gen 1 and Gen 2 ports. Your accessories are compatible with all three types of USB ports. We recommend that you use USB 3.2 Gen 1/2 ports as they are better suited for connections that benefit from the higher bandwidth.

Typically, USB 3.2 Gen 1 ports are marked with blue whereas USB 3.2 Gen 2 ports are marked with red.

If your display supports high refresh rates or high resolutions, we recommend that you use the display port that looks like this:

INTEGRATED GRAPHICS CARD

3 X SOUND IN/OUTPUT:

Pink = Microphone
Green = Sound output
Blue = Sound input

2 X DISPLAY PORT

POWER SUPPLY

4 X USB 3.2 GEN 1

INTERNET (RJ45)

HDMI

DEDICATED GRAPHICS CARD

Only use the display port from the integrated graphics card if there is **NO** dedicated graphics card.

3

SETTING UP YOUR DUTZO COMPUTER

When you receive your DUTZO machine, we have already installed Windows 10 Home. The first time you turn on your new computer, you will be welcomed by a Windows installation guide that will help you set up your Windows user account.

ACTIVATING WINDOWS

If you have added a Windows licence to your purchase, or if you have chosen a DUTZO PC with a Windows license included, you will receive your licence in an e-mail. You cannot activate your Windows licence before you have received your computer.

Follow these steps to activate your Windows licence:
Click **"Start"** → **"Settings"** → **"Update & Security"** → **"Activation"**.
Here you type in your activation key. Remember to link your Windows licence to your Microsoft Account by choosing **"Add account"** → now enter your Microsoft account and password, and then select **Sign in**.

CONTACT PROSHOP SUPPORT

If you have any questions or experience any type of issues with your computer, our Customer Support is always happy to help via e-mail, phone, or in our chat.

ABOUT DUTZO

DUTZO is a Danish gaming brand committed to pushing boundaries through cutting-edge gaming gear at affordable prices.

Since our founding in 2016, our dedicated team of engineers has worked tirelessly to create the ultimate gaming experience. This journey has grown the DUTZO brand rapidly, expanding beyond our Danish roots to countries such as Norway, Sweden, Finland, Germany, Austria, and Poland.

We, at DUTZO, are in constant pursuit to reach the unreachable. We continuously push limits, focusing on high-tech gaming equipment ranging from components such as cases and power supplies, to accessories such as mousepads, sleeved cables, case fans and gaming mice, to gaming chairs and custom-built gaming computers.

BUILD YOUR DUTZO GAMING EXPERIENCE!

All DUTZO PCs purchased from an authorized DUTZO retailer have a 3-year limited warranty. Read more about the warranty on your DUTZO PC here [dutzo.com/warranty/](https://www.dutzo.com/warranty/)
